

Angiopoietin-2 Rabbit pAb(AR20040)

Key Features

Host Species:	Rabbit
Reactivity:	Human, Mouse, Rat
Applications:	WB,ELISA
Isotype:	IgG
MW:	55kD (Observed)

Recommended Dilution Ratios

WB:	1:500-2000
ELISA:	1:5000-20000

Storage

-15°C to -25°C/1 year (Do not lower than -25°C)

Basic Information

Clonality	Polyclonal
-----------	------------

Immunogen Information

Specificity	This antibody detects endogenous levels of human ANGPT2
-------------	---

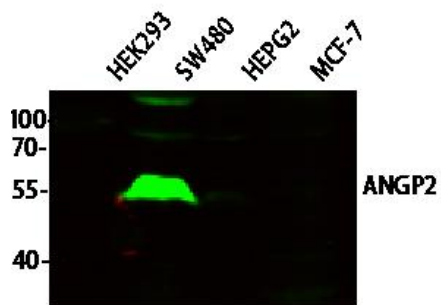

Target Information

Gene name	ANGPT2
Protein Name	Angiopoietin-2

Organism	Gene ID	UniProt ID
Human	285	O15123
Mouse		O35608

Cellular Localization	Secreted
Tissue specificity	Colon,Lung,Substantia nigra,Umbilical vein endothelial cell

Validation Data

For Research Use Only
